

## Teacher's Notes

The following worksheet has been developed to complement the activities carried out at the Lifeskills Centre. However, it can easily be adapted to suit a wider range of abilities.

Below are some examples of other possible activities:-

- Increase an activity's level of difficulty by covering up the answers.
- Ask the children to create their own quiz relating to the subject e.g. create word-searches, anagrams etc.
- Ask the children to write a short story or draw pictures/comic strips of each scenario.

# Building Site Safety

Building sites can be very dangerous places, even for the people who work there. Answer the safety questions below and complete the grid. Can you work out what important message is hidden in the coloured squares?
