

FARMYARD SAFETY

Teacher's Notes

The following worksheet has been developed to complement the activities carried out at the Lifeskills Centre. However, it can easily be adapted to suit a wider range of abilities.

Below are some examples of other possible activities:-

- Increase an activity's level of difficulty by covering up the answers.
- Ask the children to create their own quiz relating to the subject e.g. create crosswords, word-searches etc.
- Ask the children to write a short story or draw pictures/comic strips of each scenario.

FARMYARD SAFETY

Farms can be exciting places to visit but it is important to remember that they can also be very dangerous. Farmers use chemicals and machinery which can cause a lot of harm.

Using the words at the bottom of the page, complete these sentences to identify the risks you may come across in a farmyard.

1. Animals will always try to _____ their young.
