

Spot the Dangers

Teacher's Notes

The following worksheet has been developed to complement the activities carried out at the Lifeskills Centre. However, it can easily be adapted to suit a wider range of abilities.

Below are some examples of other possible activities:-

- Ask the children to create their own quiz relating to the subject e.g. create crosswords, word-searches etc.
- Ask the children to draw pictures of unsafe scenarios in other rooms.

Spot the Dangers

Look at the picture below. Draw a circle around anything you think could be dangerous.

Spot the Dangers

Answers

Here are just a small selection of answers. There are many more available.

There are too many plugs in the plug socket.

A can of coke has been knocked over on the windowsill and is dripping onto a plug socket.

There is a pair of scissors on the floor.

There is an overflowing waste paper basket very close to an electric heater.
